Forrest is my oldest daughters show bull and has been shown successfully the last year. He was Grand Hereford Bull at IL State Fair, Res. Division Keystone, recently won his class at the NAILE. He combines his phenotype with 100 percent pigment and a great set of numbers. 8 traits in top 10 percent with 6 of those being in the top 5 percent. His Granddam produced the Grand Hereford bull at the 2015 NCC. Ronette told me to bring a good one with good numbers. Help yourself!

290	98	0.6	356	0.041	129	21	

Advance 310 is a bull I like a lot of things about. He is awesome in his running gear, good looking, practical in his body shape, and stems from one of our most consistent cows. I expect this bull to generate a beautiful group of replacement heifers and steer calves that gain.

KELLER CATTLE COMPANY

**FerAppease**<sup>®</sup>  
Maternal Bovine Appeasing Substance

**STRESS IS KILLING  
YOUR CALVES.  
BLOCK THE STRESS.  
PROTECT YOUR CALVES.**

**Receive your Cattle  
with FerAppease<sup>®</sup>.**

**Recent Texas A&M study finds that FerAppeased calves  
had more than a 70% reduction in overall mortality.**

**EXPERIMENTAL DESIGN**

120 Intact 4-weight Angus-Influenced steers from MS auction yard  
Transported for 12 h to College Station, TX  
Rested for 24 h | Initial processing on day 0

**Day 0:**

- Vaccines, dewormer, implant, metaphylaxis, castration
- Assigned to receive FerAppease or control (n = 60/each)
- Distributed in drylot pens with 12 steers of treatment

**Day 14 and on:**

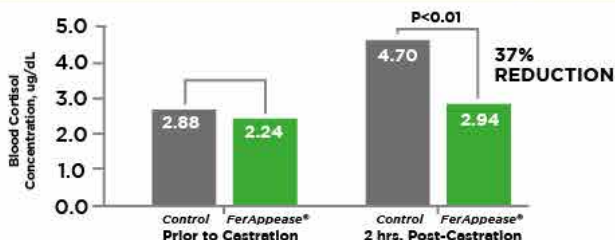

- Vaccine + FerAppease booster on day 14
- BW and sampling on days 0, 14, 28, 42, and 60
- Feed intake and incidence of BRD monitored daily

**Receiving Cattle with FerAppease<sup>®</sup>**

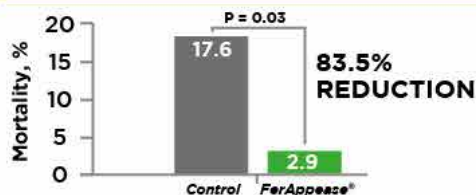

**Dosage Rate: Apply a Total Dose of 10cc. 5cc  
on the muzzle + 5cc behind the poll.**

**FerAppease<sup>®</sup> Reduced  
Blood Cortisol Levels.**

*Cortisol put calves into fight or flight mode. By  
reducing cortisol, FerAppease mitigates the  
calf's stress from castration and arrival.*

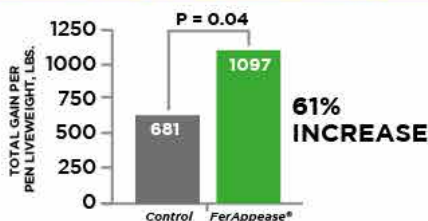

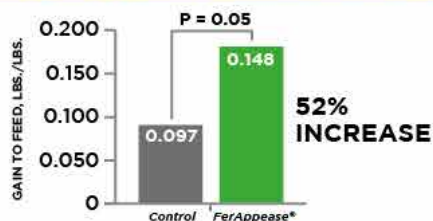

**FerAppease<sup>®</sup> Reduced Mortality to BRD**

*Cortisol mobilizes energy to fight an immediate threat. This  
action deprives the calf's immune system of energy and  
weakens its ability to fight off disease, increasing mortalities.*

*Through the reduction of cortisol, FerAppease<sup>®</sup> keeps energy in the immune  
system. Strong, energy-rich immune systems drive reduced mortalities.*

**FerAppease<sup>®</sup> Increased Feed Efficiency & Total Gain, lbs.**

**MORE CALVES + MORE POUNDS = MORE PROFIT.**  
**Bottom-Line: FerAppease Keeps your Calves Alive.**  
**Healthier Calves means Healthier Pockets.**

This big stud is an eyecatcher. He has a great silhouette, smooth clean lines, with lots of muscle and you have got to love his structure. He stands on a big sound foot and moves out easy and straight.

Here is an attractive bull that looks good from every angle. He is thick and grows with ease. He carries his thickness and length with an excellent set of EPDs. 24K is also short marked with full eye pigmentation. His sire is the popular Cuda 504C, one of the most used AI bulls nationwide last year. He has 3 Dams of Distinction in his pedigree and was used in our own herd over the summer.

This guy has been fun to watch develop. Our program is using a full sib as a heifer bull on the farm. His long spine and easy foot enhances that swag, that most producers look for in their bulls. Do not overlook this age advantaged, virgin bull.

The most complete and balanced bull we have to offer this year both on foot and on paper. For the second year in a row we are bringing a bull we should probably use ourselves. But, with the ideals that we only offer up our best is what obligates us to bring this herd bull up for your consideration. Fully goggle eyed, short marked, built solid on four big square feet. This Final Test son brings the best of multiple worlds together in a total package herd sire. At time of entry he sits in the top 5 percent in 9 crucial growth, fertility, and carcass traits while of those he sits in the top 1 percent in ALL dollar indexes! A calving ease bull with this much breeding potential is not one to sleep on!

This female was shown successfully by the Snell Family in 2023 and hung several banners. She is a full sister to the Champion Hereford Female and high seller at the 2023 Nebraska Classic Winter Edition. She is guarantee bred to MCM H BK Stinger K12 ET who was named the Champion Hereford Bull Calf at the 2023 National Western Stock Show. He was purchased by Buck and Hoffman. This is a rare opportunity to own these genetics. Retaining 1 successful flush at the buyers convenience and sellers expense.

Sally is a horned heifer that is hard to find a major hole in. She is sound structured, proportional, good in the turn to her rib, and attractive. She reminds me a great deal of a maternal sister from a few years ago that has done an awesome job for her owners. Just like all of her sibs, she is an absolute sweetheart that just needs a showman.

This heifer has been one of the favorites around the farm all summer. She is dark cherry red and fully pigmented. She is clean fronted and easy muscled for show ring appeal, yet broody enough to make a donor cow for her future owner. She is out of a popular young bull that has already made a name for himself across the Hereford breed. Her mother is an excellent cow and this heifer could surpass her.

We love these good fronted, sound made cattle that have the power and gas to produce champions. This heifer moves out clean and smooth, has the powerful muscle structure and smooth lines, and the presence about her to achieve all year.

She might be the best one yet that we have offered here at the NCC! If you are looking for that last minute show prospect, Rose may be your female. Angular in her design, bold, feminine front, she has the style for the showing, yet carries the traits to go on to enhance your registered herd. She is the kind we like to keep around, but she is up for grabs here!

Perfect Timing x Endure heifer that is just another one of those really good feminine females. Good shoulder, straight lined type of cows that we like, with lots of rib and depth to her. She stands true on her structure. We really enjoy the way she sets in her hip, she is the type that will last.
