A Stout made son of HC North of 49 55G to offer something from our program with a bit of a different blood line. You will appreciate the power in this January calf. His balanced Merit Index is at 132, ranking him in the top 20% of Shorthorns for balanced, multi-trait excellence in his genetic profile. Use this bull on a set of cows and you will be happy with the results.

Murdock is a son of the popular 'JW', the Denver Champion bull we raised, and his mother came to us from the legendary Byland Shorthorn herd in Ohio. This is a high-quality bull with a solid EPD profile to back him up, ranking in the top quarter of the breed for both WW and YW EPDs, with all his other traits in acceptable range. A strong breeding bull prospect backed by quality top and bottom of his pedigree.

This bull has a pretty impressive pedigree on his sire and dam's side. He is big footed, big boned and should throw a lot of muscle in his progeny. He would be a great bull to produce show heifers; he comes from a line of hair cattle. This bull would also make an excellent bull prospect to take to Shorthorn Junior Nationals in Grand Island this summer.

This heifer is one we couldn't be more excited about. From JFS's Washington and DJS's Carmele family you get it all. Stout, powerful, and deep bodied without giving up a beautiful feminine and maternal build. She is clean fronted and as sweet as they come. She will make you one heck of a show heifer and without a doubt give you some awesome calves down the road. Don't miss out on this girl, she's got it all.

A daughter of GCF JW 101J who sold through this sale in 2022 and went on to be the National Western Grand Champion Shorthorn Bull. The calves from his first calf crops are in high demand. GCF Silver Rose 410M comes from a strong cow family. Her Mom is doing a good job in her young career, and her grandmother was a leading producer in our herd for almost a decade.

This heifer's dam, a BSG Stampede daughter, is the cornerstone of our herd and if we hadn't kept two of her daughters the last four years, we would be keeping her around. A real broody cow prospect with all the body, shape, and longevity you could ask for. Maternal siblings were shown successfully as the 2020 Reserve Champion Shorthorn heifer at the Nebraska State Fair and 2022 NWSS Reserve Champion Shorthorn bull calf.

Blue roan cattle are hard to find, high quality ones are more rare yet but when you find one they get your attention and this one does just that! Shorthorns are the only junior national in Grand Island this summer so don't miss your chance to get one that gives you the opportunity to participate and compete at a high level. This heifer can also be registered as a percentage Simmental if her new owner would like, look her up sale day!

This blue roan heifer is super feminine, choke-necked and clean in her lines. She walks like a cat with style and grace. Shorthorn Junior Nationals is in Grand Island this year, this heifer will be quite competitive in her respective Shorthorn Plus age division; willing to come help fit. This heifer is also eligible for the Shorthorn Plus Futurity Show held in conjunction with the Nebraska Beef Expo in June in Albion, NE.

As our first embryo calf born on the place, we are pretty excited! Her dam brings together two shorthorn legends, SULL Dream Maker x GCC Turners Margie 542. Put that together with Conley No Limit, who has had his own share of success in the Angus division, and you're off to the races. A full sibling to her commanded \$24,500 last fall for Olson's. This pedigree with her flawless hind leg design, sleek front end, and maternal body shape puts you in the driver's seat. Needless to say, we're pretty excited for this one's future.
