FUTURE CLASSIC EVENTS

Pop Up Event: Aug. 15, 2026 // Fall Edition: November 4-8, 2026 // Winter Edition: Feb. 13-21, 2027

Cattlemen and families,

We want to invite you to bring your family to Kearney, Nebraska for the 35th Annual Winter Edition. The NCC has added some special events for you to enjoy this year. As you review the schedule you will notice Wednesday, February 18 is a big day with the cattle shows, social events, and the ranch rodeo that evening. The NCC features something for everyone in the family to enjoy.

The foundation of the NCC is the cattle shows and sales and providing cattlemen a place to showcase their bulls and heifers. Every year the beef industry, and how cattlemen do business changes. The NCC Board of Directors and myself strive to create new opportunities for cattlemen of all ages with all the events we do throughout the year.

This last year cattlemen have been receiving record prices for calves. We all know the value of bulls and replacement heifers has also increased. As all fellow cattlemen realize, we need these prices to offset the cost of doing business today.

As you study the NCC Beef Catalog sale features, take note the Pen Bulls are selling in the respective Breed Sales. You will also find the Aspiring Young Cattlemen's partnership Bred Heifers featured in the respective breed sales.

We are very excited for the Pen Heifer Sale that is on Friday, February 20 at 2 pm. There are 50 head of heifers selling in the pen sale. You will find a tremendous set of bred and open heifers. These heifers sell by the pen. If you have questions on sale features, give the consignors a call and visit directly with them.

If you are looking to get your daughter or son involved in a reward program, make sure and check out the details on the NCC Scholarship/Reward program.

We hope to see you and your families in Kearney for the NCC!

-Ronette K. Bush-Heinrich

While working, Dolly had an unfortunate accident dislocating her hip. Fortunately, following a referral to BVMC, we performed an innovative toggle pin surgery replacing the ligament that keeps the hip in the socket.

Today, Dolly is back helping on the ranch and enjoys a quality, productive life.

PROPER MINERAL MANAGEMENT STARTS WITH MINERAL MEASUREMENT

MINERALS ARE TYPICALLY MEASURED TO:

- 1) Match the mineral supplement to the forage
- 2) Check that a ration has been mixed properly
- 3) Specifically check the calcium to phosphorous ratio
- 4) Periodically check for a deficiency or toxicity in the diet
- 5) Compare the guaranteed analysis of a mineral supplement

**Send your forage samples to

minerals to any NIRS analysis.**

BIDDING & PAYMENT FOR NCC SALES

A bidder is responsible for any bids placed under his/her number or account. By placing a bid it represents a valid offer by the bidder to purchase the lot(s) being offered for sale by the seller for the amount of the bid placed.

Once the bid is submitted and confirmed on line or by the auctioneer, it cannot be retracted, and at this point in time that bid becomes a binding contract for purchase of the lot(s).

Terms of every sale are cash with settlement to be made with the NCC Sales Office at the time of sale. Consignors should be prepared to pay the total price in the absence of the buyer.

At the end of the sale, all sales are considered final. Payment is DUE IN FULL. All sales payments are DUE prior to cattle leaving the facilities. Accepted forms of payment include check, money orders, wire of funds or credit card payments.

There will be a 3.5% credit card processing fee added to the transaction.
