Composite Charolais

Benes Cattle Co

Sire: BCR Outrage

Dam: BCR Sadie (Loaded 4 Bear x Firewater)

This heifer is out of another one of Devon's past show heifers that he showed as a Composite Charolais breeding heifer early and as a market heifer towards the end of her career winning the heavy division in the State Fair FFA market heifer show. This heifers sire is our go to Purebred Charolais sire. We believe this heifer will compete at high level like her mother.

Bar S Cattle Co.

Sire: Bar S Titan D212

Dam: Bar S Janice 310ET

Bar S Janice does it again with this gorgeous peach colored hfr. She simply does not miss, no matter what you breed her to. We raised her sire Bar S Titan D212 (reg #475550) 3/4 Maine bull and liked him so much we collected him and decided to flush Janice to him, we are not disappointed AT ALL! Look at this heifers pedigree (AMA reg #562743) it is DEEP PURPLE. Dual threat of a phenotype in this heifer, market or breeding. This female is stout from top to bottom, front to back and man does she have the cleanest neck and hair for days. She will be on the many short lists at sale time, check her out in the stalls for yourself.

Fancy Nancy. A big featured athlete that loves to throw a pose. This one is unique for how high she ties at the the top side of her blade while still dropping down with so much sweep to her lower rib. Should be a fun one to show, but even more fun to breed on.

Versatile is the best description of this heifer. She is dual registered but she has also got enough punch to feed her hard and make her a market heifer if you so choose. Study her legs and her front end construction, she is built to raise steers when her show career comes to an end.

Sire: CSF Long Look HC 706ET

Dam: DJS Rose HI 225

A fancy roan heifer that will be sure to get you noticed! Her dam, pictured, was a stand out for Cole and has not let us down now that she is production. This heifer is certainly going to be fun in the ring but has the pedigree to be even more valuable once she hits the pasture.

Katz Cattle

Simmental

Sire: Next Level

Dam: CLAC Anna Marie 437E

An outstanding individual with a tremendous, gentle disposition. She has been remarkably easy to manage from day one of haltering. While she may have a touch of extra 'chrome,' her potential as a foundation female is undeniable. She traces back to proven genetics, with a maternal sister winning a Champion Purebred Simmental title at the 2023 NAILE. Her future is in production. She is the perfect kind to generate profit by mating her to a black bull for premium baldy half bloods year after year. A female that will prove her worth on and off the halter.
