GCF Neptune 514N offers eye appeal and physical quality, while being backed by the proven Margie cow family that is known throughout the Shorthorn breed. His dam has kept a perfect calving record since 2019, always producing a quality calf including a couple show heifer prospects on her record. This young bull can provide a combination of eye appeal and functional traits to make someone a nice herd sire.

Champion-Caliber Bull with Power, Style & Pedigree This bull turned heads from day one, born small out of a first-calf heifer, then exploded with growth like a rocket. He's the total package: low birthweight, rapid gain, triple clean, and built to impress with that eye-catching look and a pedigree that sets him apart. Whether you're building a show string or adding punch to your commercial program, this guy delivers. He and his dam were Champion Cow/Calf Pair at the Iowa State Fair, and he anchored the Champion Pair of Bulls, proof he's got the goods.

The first calf out of one of my favorite heifers we've raised. The 95 family now has three generations running in our pastures due to the consistency and quality they generate. This heifer is no different. Another first out of our new herd sire, a Byland Top Dog son who we've been impressed by. Lots of power in the pedigree.

Long Cool Woman came on while clipping her and I'd say that's fitting. A beautiful roan female that's got the length, structure, and balance that makes showing fun, but breeding possibilities endless. 9/12 EPD values in top 50% of the breed. She's entered in the National Western EDGE show and Pen show.

Here is a heifer with a unique pedigree. Sired by GCF Landmark, who is a white full brother to the National Western Grand Champion bull, GCF JW 101J. Her dam has been a strong producer, raising 7 calves with an average weaning weight ratio of 103. 519N carries good growth EPDs to help raise powerful calves herself in your herd. She is an exciting prospect to study.

Want a stylish blue roan? Look no further then right here. She is a very nice feminine June born heifer. She has a lot of dimension for her young age with a very stylish blue coloring. This June heifer will be a fun one to exhibit, and still be a very powerful cow in her life.
