007 is as athletic as they come. He is long-bodied, high-performing, and packed with capacity and muscle to burn. 4K Miss Pride 518 is our lead donor that simply doesn't miss. Come see us at our stall or visit our Facebook page to see the outstanding females produced by this dam. They excel in the ring and are already proving themselves as the kind that mature into elite, productive mothers. We believe strongly in this mating and would like some 007 daughters in our operation so we are retaining 1/4 semen interest.

WOWZER, you want to talk about a stacked pedigree from some of the best Angus operations out there. This is a true multipurpose bull that can be used on heifers or cows to make cattle for the show ring, breeding stock or easy doing feeder cattle. Study his pedigree, come around and study him in person and you definitely will want to have the last bid on sale day. His EPD's will be available and updated upon parent verification. If you have any questions, please reach out to us. \*\*Retaining 1/3 Semen Interest.\*\*

Don't miss this one...Great Disposition and Great Haired! And she's ready for a first time showman! We showed her last summer and even made the trip to Junior Nationals. It's tough to let this one go from our herd but we are limited on barn space and we were fortunate to have a deep set of heifer calves this year. We also chose to keep this one open so that you can have the option of putting her in your spring calving herd.

A BEAUTY heifer that has the style and power to be competitive in the show ring but more importantly will make a tremendous brood cow. She is clean fronted, deep bodied and has excellent natural thickness. She descends from the most productive donor cow we have ever purchased.
